A letter from the President...

This was quite a year for Niles Service League... and the entire world. A few things changed due to the COVID-19 pandemic– We traded our club t-shirts for club face masks. Most of our club business was communicated through e-mail instead of in-person meetings. Our Bundle-a-Buddy drive took place in the Spring instead of the Fall. Finally, we relied more heavily on community support and donations than we have in the past. **The one thing that did not change was that our group came together to help the kids and families of our local community.** We are always looking for new members, so please spread the word!

Sincerely, Becky Brown

We mailed sponsorship letters to local businesses and sustainers which yielded \$4,700. School Liaison provided 37 coats, 14 pairs of snow pants, 33 pairs of boots, 2 sets of kid's clothes, and a pair of glasses to local elementary students.

NSL members participated in a food drive at Martin's Supermarket. Our food drive combined with ones held by Wonderland Cinema and Kiewit Corporation collected over \$1,000. We also collected non-perishable food items and turkeys for 8 families.

After interviewing 7 different Christmas families, NSL members purchased and wrapped gifts individualized to each of the 12 children's wants and needs. We were also able to use gifts collected by FitStop 24. As always, we wish we could see their faces on Christmas morning!

NSL donated \$125 each to Niles and Brandywine's Project Graduation. Our newest scholarship recipients were also awarded with \$500 college scholarships. Recipients were Gabriella Inman (Brandywine), Mary Klingerman (Niles), and Angelina Pena (Niles).

Share the Warmth

COAT DRIVE

Help support our local elementary schools at
Niles, Brandywine, and Buchanan!

OCT 5TH - NOV 13TH
